

IAPMO Technical Committee Newsletter

March 2022

Ladies and Gentlemen:

We are pleased with your participation in the processing of proposed changes to the *2024 UNIFORM PLUMBING CODE (UPC)* and the *2024 UNIFORM MECHANICAL CODE (UMC)* under the ANSI consensus process. The continued development of the *UPC* and *UMC* would not be possible without the participation of volunteers like you.

This newsletter contains valuable information regarding TC meeting logistics, travel information, and meeting procedures. It can also be used as a handy reference guide during the meetings in Anaheim. We hope you find it useful.

The Technical Committee Meetings this year will be held in Anaheim, California at the Sheraton Park Hotel. We have arranged a limited “IAPMO Room Block” at a base rate of \$219.00 per night for TC members and a limited number of guests wishing to attend the TC meetings. The cutoff date for reservations within the room block is March 25, 2022. You should call the hotel at (714) 750-1811 to make your reservations or go to the [Link for hotel](#) to reserve online. This newsletter and other information are also available on the IAPMO website at <http://codes.iapmo.org/>. Should you have any questions, please contact Alma Ramos at (909) 230-5528 or by email at alma.ramos@iapmo.org.

Please note, printed copies of the monographs will not be supplied. Staff liaison will email a link for the 2022 UPC/UMC Report on Comment (ROC) Monograph no later than March 30, 2022. Please note all proposed referenced standards will be available for review no later than March 30, 2022 on the Kavi site.

IAPMO's current meeting policy can be obtained at: [IAPMO Group Meeting Policy](#)

Attendees must also adhere to the hotel covid policy <https://whattoexpect.marriott.com/snaps>

Registration: Attendees must register in advance to attend the hearings for free. The following link can be used to register for the event. A virtual meeting has been set up for those that cannot attend in person. The zoom link will be automatically sent to your email upon registering.

We believe that the meeting will be more productive if you are comfortable. Therefore, we recommend business casual attire for the meetings.

Thank you again for your continued support of the *UPC* and *UMC*. We look forward to seeing you in Anaheim.

Travel Information

If you need any assistance with your travel arrangements, you can contact Liz Otto at (909) 472-4123, Mary Moran-Manz at (909) 218-8135 or email travel@iapmo.org.

The John Wayne Airport (JWA) is approximately 15 miles from the Sheraton Park Hotel. Taxi fare is approximately \$50 one way from the airport to the hotel. The hotel does not provide a shuttle service.

The Los Angeles International Airport (LAX) is approximately 34 miles from the Sheraton Park Hotel. Taxi fare is approximately \$120 one way from the airport to the hotel. The hotel does not provide a shuttle service.

Shipping Packages to the Hotel

Some of you may wish to ship material directly to the hotel. The Sheraton strives to provide its guests with a convenient and efficient method of receiving packages. A few important procedures must be followed to ensure that guest packages are accounted for and delivered promptly. *Please note, you may be charged a service fee.*

The hotel asks that when labeling packages, the following details are provided on the label:

- Name of the meeting the package is intended for;
- Date(s) of the meeting;
- Arrival date of the addressee;
- The name of the person the package is intended for.

Note: The hotel will not be responsible for mislabeled packages

TC Meeting Specifics

Comments

Please download the monograph for your convenience before the meeting as hard copies will not be available on-site. It is suggested that those of you who wish to consult with others regarding your comments at the TC meeting, please do so before the meeting. It is imperative to review all meeting material prior to the meeting.

Regulations and Operating Procedures

All actions at and following the TC meetings will be governed by the IAPMO Regulations Governing Committee Projects. The latest Regulations appear on the IAPMO website https://codes.iapmo.org/docs/2021/Regulations_Governing_Committee_Projects.pdf. Failure to comply with these regulations could result in challenges to the codes and standards-making process. A successful challenge on procedural grounds could prevent publication of the *UPC* and *UMC*. Consequently, committees must follow the regulations and procedures.

Processing Comments – Comments Requiring Committee Actions

All comments must be acted upon. No comment can be returned to the submitter. If a comment does not comply with the IAPMO regulations, the committee may reject the comment. However, any of the standard actions may be taken. Please note that the committee action and the committee statement must result in a complete action that can be readily understood.

Task Groups and Committee Reports

The following Task Groups and Committees will be reporting back to the TCs as previously requested by the TC Chair.

To the Plumbing TC:

Report of UPC Condensate Task Group (Chair)
Report of UPC Indoor Horticulture Facilities Task Group (Chair)

To the Mechanical TC:

Report of UMC Condensate Task Group (Chair)
Report of UMC Indoor Horticulture Facilities Task Group (Chair)

Committee Actions

The following are the actions permitted by the Regulations Governing Committee Projects for disposition of comments.

Accept the comment as submitted - The committee accepts the comment exactly as written. Only editorial changes such as paragraph and section numbering, correction to spelling, capitalization and hyphenation may be made. If a comment is accepted without a change of any kind, except for editorial changes, the committee can simply indicate acceptance. The committee should add a committee statement explaining the action if, for example, the committee does not agree with all the substantiation or supporting data or has some different reasons for acceptance than those stated in the substantiation or supporting data. The absence of such a statement could mislead the reader by giving the impression that the committee agreed with all the substantiation for the comment. If the action is to accept the comment as written, but the committee wishes to indicate a more suitable location in the document, this can be added as part of the committee action again with a statement by the committee.

Accept the comment as amended by the TC - Accept the comment with some modification. The committee action must indicate specifically what action was taken to revise the comment. If the details are in the action on another comment, the committee action may simply indicate “Accept as Amended” but reference should be made to the committee statement to the specific comment detailing the action. The committee statement, technical in nature, must indicate why the comment was not acceptable as submitted.

Reject the comment - The comment is rejected by the committee. If the principle or intent of the comment is acceptable in whole or in part, the comment should not be rejected, it should be revised by the committee and accepted as amended. A complete reason for rejection of the comment, technical in nature, must be supplied in the committee statement.

Committee Statements

Any comment that is Accepted as Amended or Rejected must include a committee statement, technical in nature that provides the reasons for the action. Such statement must be sufficiently detailed to convey the committee's exact justification for its action.

References to the requirements of the documents as a reason for rejection should be to the specific sections of the document including the requirements. If there is more than one such section, the reference should include at least one, identified as an example. Reference in the committee statement to another committee action is inappropriate unless the referenced comment contains all the applicable technical justifications for the action.

If the rejection or amendment was for the same reason another comment was rejected or amended, the committee statement may refer to that comment giving the same reason for rejections or changes. Please verify that cross-references to another comment

The committee statement should not refer to another committee statement, which, in turn, refers to some other committee statement. There may be situations where the committee will want to refer to two, three, or more committee statements as they are all appropriate.

When the committee develops a committee action for a comment that is accepted as amended, the rationale must indicate why the wording submitted was not accepted. This reason should be technical in nature unless the committee has simply rewritten the submitter's text, in which case the committee can state that the proposed wording meets the submitter's intent.

Simplified Procedures for Handling a Motion

IAPMO TC Meetings are conducted in accordance with *Robert's Rules of Order*. In order for a comment to be discussed, a motion must be made. A simplified procedure for discussion of motions is as follows:

- 1) Member addresses the Chair
- 2) Member receives recognition from the Chair
- 3) Member introduces the motion and reason statement
- 4) Another member seconds the motion
- 5) Chair states the motion and reason statement
- 6) Chair calls for discussion
- 7) Chair takes the vote
- 8) Chair announces the result of the vote

It is imperative that you review the comment *BEFORE* the meeting and develop proposed actions and statements. These prepared actions and statements will clarify your position and provide the committee with a starting point. Prepared actions and statements expedite the process of the meeting.

General Procedures for TC Meetings

Use of recording devices or other means capable of producing verbatim transcriptions of any IAPMO TC meeting is not permitted.

Attendance at all IAPMO TC meetings is open to the public.

Participation in IAPMO TC meetings is limited to committee members and IAPMO staff. Participation by guests is limited to individuals who have previously requested permission from the Chair to address the committee on a particular item or individuals who wish to speak to public comments that they submitted. (See Section 3-3.3.3 of the [Regulations Governing Committee Projects](#))

The Chair reserves the right to limit the amount of time available for any presentation.

No interviews will be allowed in the meeting room at any time, including breaks.

All attendees are reminded that formal votes of committee members will be secured by letter ballot. Voting in this meeting is used to establish a sense of agreement, but only the results of the formal letter ballot will determine the official position of the committee on any comment.

Alternate Members

If both the principal and alternate member of the TC will attend the TC meeting, please note that only one member will be permitted to sit at the main table with the committee. Alternate members will be seated at a table directly behind the main table. If only the alternate member is present at the meeting, she or he will be seated at the main table.

Dress Code

The dress code for TC meetings is business casual. For the men, jacket and tie are not required.

TC Meeting Location and Time

There will be a Continental Breakfast served in the meeting room each day between 7:00 AM and 8:00 AM. Beverages will be served until mid-morning and a light snack will be available in the afternoon. Lunch will not be hosted. The Technical Committee Meetings will be held in the Park D Plaza Ballroom. The meetings are scheduled to start at 8:00 AM and end at 5:00 PM each day.
