Report on Proposals (ROP) Toward Development of 2024 USHGC, USPSHTC Now Available for Online Download

Ontario, Calif. (Sept. 9, 2022) — The International Association of Plumbing and Mechanical Officials (IAPMO®), developer of the *Uniform Solar, Hydronics and Geothermal Code (USHGC®)* and *Uniform Swimming Pool, Spa and Hot Tub Code (USPSHTC®)*, has posted online the 2022 Report on Proposals for the 2024 editions of these prospective American National Standard-designated model codes.

No hardcopy editions of these publications will be printed or distributed. Interested parties are encouraged to download the documents at the following URLs:

USHGC: <https://codes.iapmo.org/docs/2024/USHGC/2022%20USHGC%20Report%20on%20Proposals.pdf>

USPSHTC: <https://codes.iapmo.org/docs/2024/USPSHTC/2022%20USPSHTC%20Report%20on%20Proposals.pdf>

IAPMO will begin the Call for Comments on these documents on Oct. 7, when all suggested code amendments/additions/deletions published in the ROP will be available for public review. The deadline for submission of comments is Jan. 13, 2023, at 5 p.m. PST.

The *USHGC* and *USPSHTC* are model codes developed by IAPMO to govern the installation and inspection of solar energy, hydronics and geothermal energy systems, as well as swimming pool, spa, and hot tub systems, respectively, as a means of promoting the public's health, safety, and welfare. The 2024 edition of each code is being developed through a process accredited by the American National Standards Institute (ANSI).

IAPMO urges its members and other interested parties to get involved in the development process to ensure effectiveness in preserving the public health, safety, and welfare. Manufacturers, potential users of the standard, installers and maintainers, labor representatives, design professionals, enforcing authorities, and consumers all benefit from a cooperative effort in developing codes and standards.

For specific information about the *USHGC* Technical Committee, please contact Taylor Duran at (909) 218-8126 or e-mail your question to taylor.duran@iapmo.org. For specific information about the *USPSHTC* Technical Committee, please contact Enrique Gonzalez at (909) 230-5535 or e-mail your question to enrique.gonzalez@iapmo.org.
