

IAPMO Technical Committee Newsletter March 2023

Ladies and Gentlemen:

Thank you for participating in the development of the *2027 Uniform Plumbing Code (UPC)* and the *2027 Uniform Mechanical Code (UMC)* under the ANSI consensus process. The continued development of the *UPC* and *UMC* would not be possible without the participation of volunteers like you. Please see the agenda for discussion items.

The first Technical Committee Meeting will be held via teleconference. Please see the following page for the Zoom meeting logistics. This newsletter and additional information are also available on the IAPMO website at <https://www.iapmo.org/codes-standards-development/code-development>.

This newsletter contains valuable information regarding the agenda and meeting procedures. At the teleconference meeting, the Code Development Process and [IAPMO Regulations Governing Committee Projects](#) will be explained. Please take this opportunity to introduce yourself prior to the in-person meetings on May 6-10, 2024. We hope you will find this teleconference beneficial.

Thank you again for your continued support of the *UPC* and *UMC*.

Enrique Gonzalez
Staff Liaison, Plumbing TC

TC Meeting Specifics

Regulations and Operating Procedures

All committee actions during and following TC meetings will be governed in accordance with the [IAPMO Regulations Governing Committee Projects](#). Failure to comply with these regulations could result in challenges to the codes and standards making process. A successful challenge on procedural grounds could prevent publication of the *UPC* and/or *UMC*. Consequently, committees must follow the regulations and procedures.

General Procedures for TC Meetings

The use of any recording devices or other means capable of producing verbatim transcriptions of IAPMO Technical Committee meetings is strictly prohibited.

Participation in IAPMO TC meetings is open and is generally limited to committee members and IAPMO staff. Participation by guests is limited to individuals who have previously requested of the Chair time to address the committee on an item, or individuals who wish to speak to proposals or public comments that they submitted. (See Section 3-3.3.3 of [IAPMO Regulations Governing Committee Projects](#))

Agenda
